

2020

IMPACT REPORT

Why do we exist?

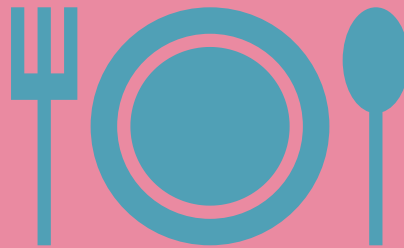

We are passionate about seeing hope restored to people who are facing the harshest of life's battles that steal their hope away.

It may be recovering from violence and abuse, dealing with long-term mental and physical health challenges, finding a home and being re-established into community or breaking the destructive cycle of isolation and social anxiety.

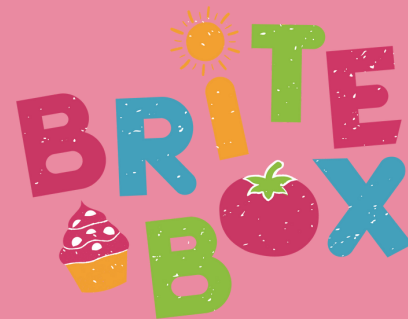

In all of these things, we believe that hope is the seed of change.

The Good Food Co-Op began in November 2020

We began The Good Food Co-Op with the aim of engaging our wider community in supporting each other to make healthy food accessible to all. In the first 6 weeks of the project we had delivered 350 boxes of fruit and veg.

Our Sisterhood Sanctuary had to stop meeting in person, but we continued to be in contact with the ladies we support, sent out regular gifts, held zoom parties, and were able to host about 6 weeks of Covid-safe sessions when lockdown eased in the Autumn.

Other Projects in 2020...

We provided a washing service throughout much of the year, with donations of washers and dryers, for the homeless who were staying at the Kingston Travelodge with KCAH.

Wash Hub

We provided recorded instrumental meditation music and choir songs, either electronically or on physical CDs to elderly homes and individual people/homes.

Sounds of Hope

We also organised free 121 singing lessons for as many ladies from our choirs as we could, which we held on Zoom for 6 months.

We provided hot meals and encouraged other organisations to do the same, so that people who needed it could get a hot meal somewhere each day of the week.
